

# **BEST PRACTICES YEAR 2018-19**

## **Best Practices I**

Title of the Practice: Celebration of Annual/ CSCA cultural function and important days

### **Objectives**

To improve the extracurricular activities among the students

### **Context**

Sarkaghat is a rural area and has a rich cultural Heritage, in terms of its traditions, music and songs which are stored in the form of oral traditions. Through extracurricular activities students can bring alive a dying culture. It also gives them the opportunity to understand their culture and society in a better way. The celebration of the important days gives students an insight into the inspiring life of the great personalities and to develop a sense of awareness and nationalistic feelings.

### **Practice**

The students have full freedom to participate in any activities of their interest. For participating in different activities screening committee select participants from intra faculty competition. Then these selected participants participate in inter faculty competition. The students actively participate in the various activities like poster making, declamation, Rangoli, solo song competition and slogan writing etc. to quench their desire for holistic growth and development. Such activities provide a platform to the students to polish their latent talents and develop various skills like leadership, self confidence and communication in them. The institution has impressive records of organizing and participating in extra co curricular activities.

### **Evidence of Success**

About 200 students participate in the various activities of the CSCA function and other students participate in the form of active audience. Every year the institute celebrates the Annual prize distribution function to reward the students for their success in academics, sports, NSS,NCC, rover Rangers and Cultural Excellence. During the celebration of the important days students are exposed to many positive skills and students enthusiastically participate in them. During these function students, parents and eminent persons participate actively which inculcate the leadership qualities among the students.

# ANNUAL FUNCTION 2018-2019

## CSCA FUNCTION 2018-19

Every year the institution celebrates the CSCA function where students from all streams participate actively. The students participate in various competitions. There are debate competition, declamation competition, singing competitions, dance competition and many more other competitions to take out the hidden talent of the students. 200 students participate in the various activities of the CSCA function and other students participate in the form of active audience.

## Best Practice –II

### Title of the practice: Inculcating Awareness and sensitivity towards Environment among the students.

**Objective:** The aim of the practice is to develop eco sensitivity and environmental awareness among the students and to conserve biodiversity through tree plantation.

**Context:** The institution is located 2 km away from the sub divisional headquarters. The college, by virtue of its location, caters to youth from an agricultural background. Good environment helps in creating good conditions for health. Survival of the animal depends on the survival of the plants. In the ancient times also there was an emphasis on the conservation of Environment so this tradition should be continued. Global warming is posing danger to humanity. Keeping these in view students were encouraged for plantation of trees in the college campus.

**Practice:** Different activities related to environment awareness and conservation is being organized in the institution every year. Students carry out many activities like cleanliness of nearby localities and rallies to spread awareness about health, cleanliness, energy conservation and environmental protection. Plantation is normally done during the rainy season. Students of the institution participate in the cleanliness drive. The students in the institution are not allowed to use polythene bags and thermocol cups. Garbage is segregated into biodegradable and non bio degradable and then disposed off. The college and girls hostel have incinerators to destroy the used sanitary pads. Our NCC cadets and NSS volunteers leave no stone unturned to infuse the sense of cleanliness and Environment awareness among college students and in the locality by organizing rallies and camps.
