An academic year comprising 180 working days. With six working days in a week, this would mean that each academic year will be having 180/ 6 = 30 teaching / working weeks. Considering that each teaching day has 5 teaching / working hours, a teaching week would have 5×6=30 working / teaching hours and each academic year will have 30 × 30 = 900 teaching hours available for each student.

10. Credits

The term 'credit' refers to the weightage given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why usually 'credit' is taken to mean 'credit hours'. For the purpose of credit determination, instruction is divided into three components:-

(1) **Lectures (L) -** Classroom lectures of one hour's duration

(2) **Tutorials (T)** - Special, elaborate instructions on specific topics (from Lectures) of one hour duration.

(3) **Practical (P)** - Laboratory of field exercises in which the student has to do experiments or other practical work of two hours duration.

Each one of these components is considered as equal to one credit. One lecture (*L*) as well as one Tutorial (T) of one hour a week is considered as one credit, whereas one Practical (*P*) of two hours a week is considered as one credit. The total weightage given to a course in terms of credits will be equal to $L + T + P$,

where *L* is the number of one hour Lectures per week, *T* is the number of one hour Tutorials per week, and *P* is the number of two hour Practical per week. This can be written insymbols as:-

$C = L + T + P$

Where, *C* is the credit weightage for a particular course. The total minimum credits required for an under graduate degree programme is one hundred and twenty (132).

11. Course

A course is a structured set of instructions that are imparted to a student on the basis of a syllabus or a framework.

Each course is designed variously under instructions given as Lectures, Tutorials, and Practicals (laboratory and field exercises). Usually these components are referred to as L, T and P components.

12. Course Evaluation (Evaluation of the Students)

All courses (Compulsory, Elective, Elective, and GI & H courses) involve and evaluation system of students that has the following two components:

(i) **Continuous Comprehensive Evaluation (CCE)**accounting for 50% of the final grade that a student gets in a course ;and.

(ii) **End-Semester Examination (ESE)**accounting for the remaining 50% of the final grade that the student gets in acourse.

(i) **Continuous Comprehensive Evaluation (CCE) :**This would have the following components:

(a) **Classroom Attendance -** Each student will have to attend a minimum of 75% Lectures / Tutorials + Practicals. A student having less than 75% attendance will not be allowed to appear in the End- Semester Examination (ESE).

- Providedthatthosehavingbetween74%and65%attendancewillapplyforexemptioninaprescribed form accompanied by clear reason(s) for absence to the authorized functionaries.
- Provided that those having between 64% and 50% attendance will apply for exemption in a prescribed form accompanied by a Medical Certificate from a Government Hospital.
- Provided that exemption from 75% attendance will be given to those participating in prescribedco-
curricular activities (e.g. NCC, NSS, Youth Festivals, Sports etc.) to the extent of 25% (making the necessary attendance as 50% in these cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities.
- ProvidedfurtherthatthosegettingtheseexemptionswillnotbeentitledforgettingtheCCEmarksfor classroom attendance as given below.

Those having greater than 75% attendance will be awarded CCE marks as follows:-

≥ 75% but<80%	1marks
≥ 80% but<85%	2marks
≥ 85% but<90%	3marks
≥ 90% but<95%	4marks
≥95%	5marks

(b) **Mid-Term Test -** There will be one mid-term test covering the syllabus covered so for. The mid-term test will be of 15marks.

- Question paper for the mid-term test will be made by the teacher of the course and will be evaluated by him / her.
- Evaluated test booklets will be provided to the students (shown in the class) and they can be given photocopies of the same for the cost of photocopying.

(c) **Seminar / Assignment / Term Paper -** The remaining 15 marks of the CCA will be

awarded on the basis of seminar / assignment / term paper etc. that the course teacher might give to the students.

(ii) **End-Semester Examination (ESE) :** The remaining 50% of the final grade of the student in a course will be on the basis of a Term end examination (TEE) that will be for three hours duration and will be covering the whole syllabus of the course.

- A candidate who does not pass the examination (TEE) in any course(s) (or due to some reason is not able to appear in the TEE, other conditions being fulfilled, and so is considered as 'Fail'), shall be permitted to appear in such failed course(s)' TEE in the subsequent.TEE to be held in April / May as the case maybe.
- The registration for the TEE will be done at the time of the enrolment for the course at the beginning of the academic year. The fee for the TEE will also be collected at that time.
- If a student is not permitted to appear in the TEE due to shortage of attendance beyond the exemption limit (<50% attendance), the candidate will be permitted to move to the next semester. Such candidates shall redo the missed semester after completing the rest of the programme.

13. Right to Appeal

- The students will have the right to make an appeal against any component of evaluation. Such appeal has to be made to the Principal of the College on a prescribed form and should clearly state in writing the reason(s) for the complaint /appeal.
- The appeal will be placed before the **Grievance Redressal Committee (GRC),** Chaired by the College Principal, comprising :

(i) For cases pertaining to the Major subject (elective or elective courses) : the Head of the Department, Course Teacher, and a senior Teacher of the Department.

(ii) For cases pertaining to the Elective subjects: the Head of the concerned Department, Course Teacher, and a senior Teacher of the Department.

- The Committee will consider the case and may give a personal hearing to the appellant before deciding the case. The decision of the Committee will be final.
- The marks obtained in the Continuous Comprehensive Evaluation (CCE) and the End Semester Examination (ESE) will be combined and used for the deciding of the course grade that the student will be getting. Relative grading will be done by the Office of the Controller of Examination (COE) HPU for each course class in all the colleges.

14. *Relative Grading*

Relative Grading of the students on the basis of the selectives / marks (preferably in percent form) received from all the colleges, is to be done by the Office of the Controller of Examinations, Himachal Pradesh University.

Assign the grades to the students in the class as follows:

These grades will not be counted for determining the Grade Point Average (GPA) and Cumulated Grade Point Average (CGPA) of the student.

15. Determining GPA and CGPA

For each student the Grade Point Average (GPA) and the Cumulated Grade Point Average (CGPA) will be determined by the CoE Office of the HPU as follows:

$$GPA \text{ or } CGPA = (\Sigma CiGi) / (\Sigma Ci)$$

Where, *Ci*is the credit earned for course i(i varying from 1 to n) and *Gi*is the grade point obtained by the student in course i (i varying from 1 to n), n being the number of courses passed so far by a student and the candidate will be categorized as below:

NSS/NCC/ROVERS & RANGERS:

To inculcate the qualities of leadership, social service, discipline and patriotism among the youths, the college is running NCC/NSS/Rovers and Rangers programmes in the college.

i) Presently the college has two NSS units comprising of 100 students each. In each unit 33% seats are

reserved for the girls. The students who attend 240 hours of social service and attend one 10 days special camp are given a special benefit of 2% marks at the time of admission to the H.P. University P.G. Courses.

ii) At present the college has two wings of NCC-one for boys and one for girls. There are limited seats in each wing/unit. The students who obtain a 'C' certificate in NCC are directly called for the CDS interview (without written test) and given a weight age of 2% marks while seeking admission to H.P. University courses.

iii) In additions, the college has rovers & rangers wing also.

RED RIBBON CLUB:

Red Ribbon Club of this college came into being in 2006.
