About the Institution

The Government College, Sarkaghat, was established by the Himachal Pradesh government as a multi-faculty, co-educational institute in the year 1985. Now, it has been renamed Rabindranath Tagore Govt. Degree College Sarkaghat. Since its inception, it has progressively emerged as one of the leading institutions of higher learning in the rural area of Himachal Pradesh. The college is affiliated with Himachal Pradesh University, recognized by UGC under 2f & 12B and NAAC accredited. Located at a distance of 60 kilometers from the district town of Mandi (H.P.), this college is situated on the outskirts of Sarkaghat town, in a lush green area in the foothills of Chandrakhri, Maseran, and Maseran & Bhatoh ranges. With a campus spread over almost 20 acres of landmass, the college has a big playground with facilities for all the major outdoor games. The college has a vast infrastructure, including spacious classrooms, well-equipped science labs, facilities for outdoor games, and computer labs with an internet facility, a library, a girls' common room, a girls' hostel, and a big multipurpose hall. IGNOU study center is also functional on the college premises. This college offers undergraduate courses in Humanities, Science, Commerce, Journalism & Mass Communication, Tourism, and Travel, and Vocational(Retail Management and Hospitality, Tour & Travels) along with postgraduate programs in Chemistry, Physics, Botany, Zoology, Economics and Political Science. The college is also running a Bachelor of Computer Applications (BCA), Bachelor of Business Administration (BBA), and a Post Graduate Diploma in Computer Applications (PGDCA) under a self-financing scheme. Over the years, the college has acquired an excellent reputation by exhibiting outstanding performance in academics, sports, cultural and co-curricular activities. Two units of the National Service Scheme (NSS), one unit of the National Cadets Corps (NCC-Naval Wing), one unit of Rovers and Rangers, and the Red Ribbon Club offer optimum opportunities for the students to develop a sense of social service, communal harmony, discipline awareness, mutual co-operation, leadership, and responsibility. The faculty members are committed to quality teaching and the all-round development of the students.

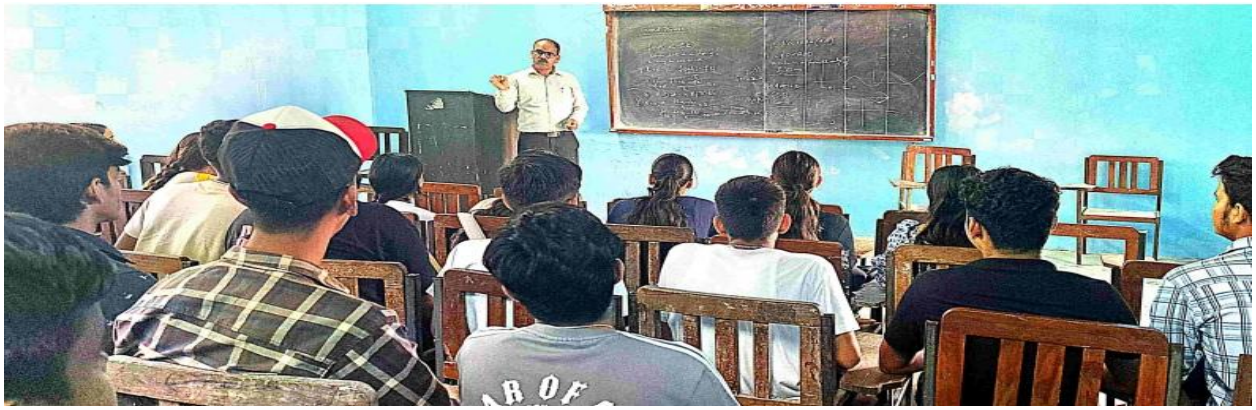
Teaching Learning Activity

1.) Mode of Teaching

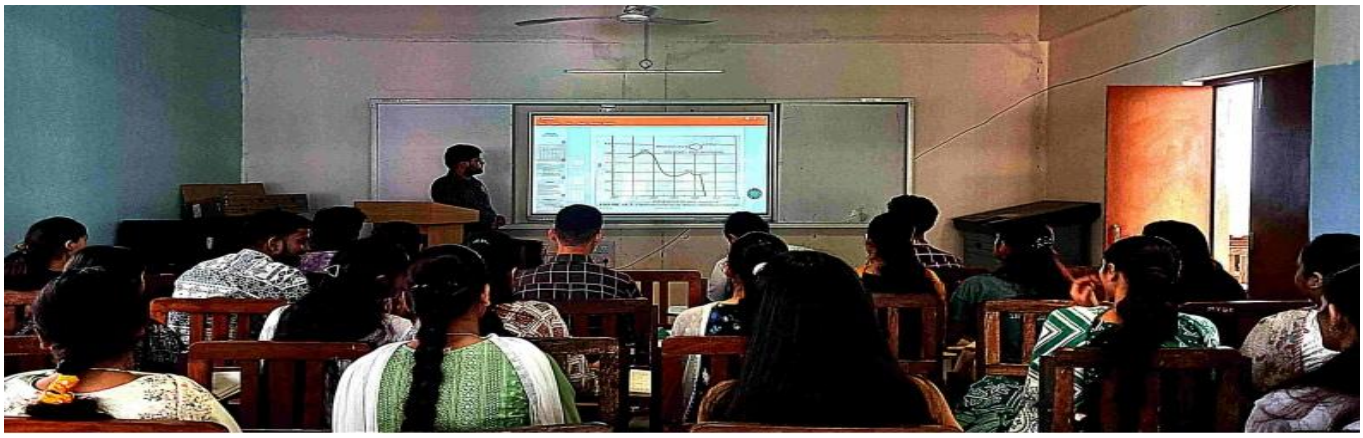
i. Lecture Method Only

All the faculty members of the college use traditional instructional approach of teaching where the teacher delivers a verbal presentation of the subject matter with the help of traditional chalk and blackboard for demonstration. It also includes question and answer sessions, discussions or problem- solving activities.



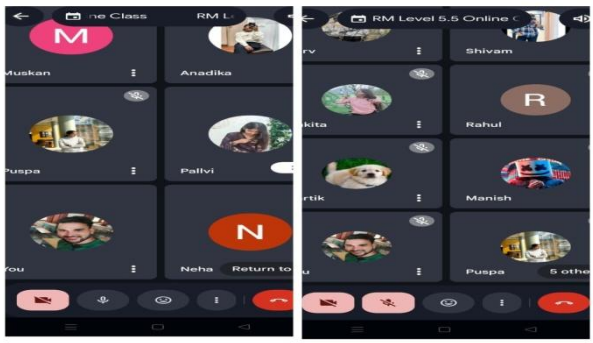
ii. Technology Based Teaching Only

Following the rapid advancement of technology in education, the college is equipped with 15 smart classrooms, with interactive panels. These technology equipped class rooms combine the functionality of a traditional whiteboard with the power of touch screen technology to present and use digital content during lessons. These technological tools support diverse teaching methods, including PowerPoint presentation, e-boards, visual data presentations, and video streaming. The integration of these resources significantly enhances the effectiveness of teaching, which ultimately fosters a dynamic and engaging learning environment.



iii. Flipped Classroom

Faculties uses flipped classroom methods which reverses traditional lecture-homework format and students can learn basics at every level and gain personalized learning experience like class presentation, delivery of by student etc.



iv. As Per Need of Different Groups of Students

Remedial classes are designed to help students with different needs and expectations. These classes focus on improving students skills in their respective subjects. The objective of remedial classes is to bridge the gap between a student's current academic skills and expectation of course he/she opted for. Besides, Career Counseling and academic guidance are also provided to students in aligning their studies with long term career goals and help them develop time management, organization and study skills.

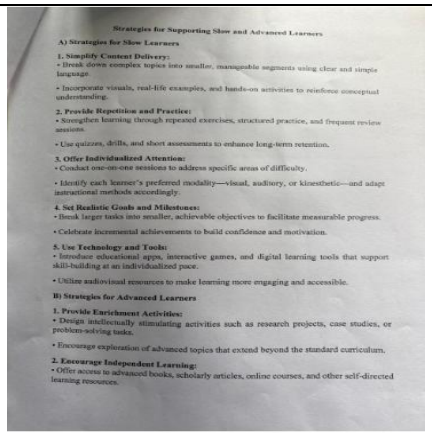
Steps taken to enhance the learning behavior of slow and advanced learners are given below:



Strategies for Supporting Slow and Advanced Learners

A) Strategies for Slow Learners

1. Simplify Content Delivery:
• Break down complex topics into smaller, manageable segments using clear and simple language.
• Incorporate visuals, real-life examples, and hands-on activities to reinforce conceptual understanding.

2. Provide Repetition and Practice:
• Strengthen learning through repeated exercises, structured practice, and frequent review sessions.
• Use quizzes, drills, and short assessments to enhance long-term retention.

3. Offer Individualized Attention:
• Conduct one-on-one sessions to address specific areas of difficulty.
• Identify each learner's preferred modality—visual, auditory, or kinesthetic—and adapt instructional methods accordingly.

4. Set Realistic Goals and Milestones:
• Break larger tasks into smaller, achievable objectives to facilitate measurable progress.
• Celebrate incremental achievements to build confidence and motivation.

5. Use Technology and Tools:
• Introduce educational apps, interactive games, and digital learning tools that support skill-building at an individualized pace.
• Utilize audiovisual resources to make learning more engaging and accessible.

B) Strategies for Advanced Learners

1. Provide Enrichment Activities:
• Design intellectually stimulating activities such as research projects, case studies, or problem-solving tasks.
• Encourage exploration of advanced topics that extend beyond the standard curriculum.

2. Encourage Independent Learning:
• Offer access to advanced books, scholarly articles, online courses, and other self-directed learning resources.

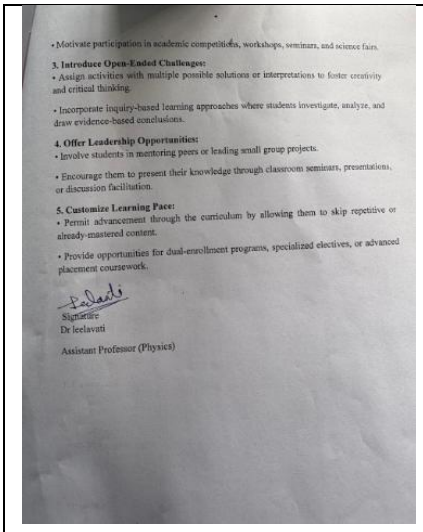
Department of Political Science



• Motivate participation in academic competitions, workshops, seminars, and science fairs.

3. Introduce Open-Ended Challenges:

• Assign activities with multiple possible solutions or interpretations to foster creativity and critical thinking.

• Incorporate inquiry-based learning approaches where students investigate, analyze, and draw evidence-based conclusions.

4. Offer Leadership Opportunities:

• Involve students in mentoring peers or leading small group projects.

• Encourage them to present their knowledge through classroom seminars, presentations, or discussion facilitation.

5. Customize Learning Pace:

• Permit advancement through the curriculum by allowing them to skip repetitive or already-mastered content.

• Provide opportunities for dual-enrollment programs, specialized electives, or advanced placement coursework.

Respected Sir,

I kindly seek your approval to relieve Mr. Akshay Sharma(VT H&T), from the Department of B.Voc. of his regular duties effective tomorrow, 7th Jan 2025. This is to enable him to oversee and facilitate the On-Job Training (OJT) program at Clark's Inn, Amritsar.

This OJT program, scheduled to commence on January 10, 2025, and conclude on May 10, 2025, will involve 12 students (7 girls and 5 boys). To ensure a seamless experience, Orion Edutech Pvt. Ltd. will manage all travel and daily allowances (TA/DA) for Mr. Akshay Sharma. Additionally, he will mark his attendance through the Orion ERP system throughout this period.

Your approval will be instrumental in ensuring the smooth coordination and successful execution of the OJT program.

Thanks & Regards

Report on the Educational Tour to Chandigarh, Delhi, and Jaipur
Course: MA Political Science — Month & Year: January, 2025

1. Introduction

A multi-city educational tour to Chandigarh, Delhi, and Jaipur was organized for students of MA Political Science of the College from [Dates]. The tour was designed with the objective to provide practical exposure to the rich history, diverse culture, and modern urban planning of North India, connecting theoretical knowledge with real-world experiences. A total of 24 students participated, accompanied by faculty members, i.e. Sh. Ashok Pathania, Assistant Professor (English) and Smt. Sunita Pathania, Assistant Professor (Political Science).

2. Itinerary and Observations

The tour covered major historical and modern landmarks in the three cities:

Day 1: Chandigarh (The 'City Beautiful')

- Rock Garden: Students were awestruck by the sculptures and art pieces made from recycled industrial and domestic waste, an excellent example of creativity and sustainability.
- Sukhna Lake: A visit to this serene complex provided insights into the city's planned recreational spaces and an opportunity for a nature walk.
- Observations: The modern, planned architecture of the city, designed by Le Corbusier, was a key point of study, highlighting urban planning concepts.

Day 2-3: Delhi (The Capital City)

- Historical Monuments: Exploration of places like the Red Fort, Qutub Minar, and Humayun's Tomb offered deep insights into Mughal architecture and Indian history. Guides provided detailed explanations of their historical significance.
- Government & Cultural Hubs: Visits to the Lotus Temple and the Old and New Sansad Bhawan areas provided a look into India's diverse religious harmony and democratic infrastructure.
- Observations: The contrast between Old Delhi's historical chaos and New Delhi's planned governmental spaces offered a rich case study in urban development and historical preservation.

Day 4-5: Jaipur (The 'Pink City')

- Amer Fort: The architectural grandeur of the fort, its large ramparts, and stunning views left students spellbound, offering a look into Rajput history.
- City Palace & Hawa Mahal: These visits showcased the blend of Rajput and Mughal architectural styles and the royal history of Rajasthan.
- Jantar Mantar: The astronomical observatory provided a practical understanding of ancient Indian scientific advancements and instruments.
- Observations: Students experienced the local culture, cuisine, and traditional crafts in the bustling markets, which broadened their cultural understanding beyond textbooks.

3. Learning Outcomes

The tour was highly enriching. Students were able to:

- Connect Theory to Practice: They correlated classroom lessons on history, architecture, and urban planning with the physical sites.
- Develop Social Skills: The shared experience enhanced teamwork, discipline, and bonding among classmates and teachers.
- Broaden Perspectives: Interacting with local guides and people provided a deeper understanding of India's diverse heritage and different lifestyles.
- Enhance Knowledge: The visits broadened understanding of Indian history, architecture, astronomy, and modern development.

4. Logistics and Challenges

The tour was well-organized, with comfortable travel and accommodation arrangements. The combined meal plans were helpful for managing the group logistics. A minor challenge was the heavy traffic in Delhi, which led to slight delays in the itinerary. The tour operators and accompanying staff ensured the safety and comfort of all participants throughout the journey.

5. Conclusion

The educational tour to Chandigarh, Delhi, and Jaipur was a resounding success. It was a perfect blend of fun, adventure, and learning, leaving students with lasting memories and a deeper appreciation for India's rich heritage. Such trips are an invaluable part of the curriculum and should be encouraged to provide holistic education.

Theme: Tourism & Peace
Date & Venue: 20th to 27th September 2024 / College Campus & Multipurpose Hall
Total No. of Participants: All students & staff of B.Voc Department
Duration of Activity: 05 Days
Collaboration with Tourism Club

Objective of the Activity:

The objective of celebrating Tourism Week 2024 is to promote awareness of the social, economic, and cultural significance of tourism. The theme "Tourism and Peace" emphasizes the role of tourism in promoting global understanding, peace, and cooperation between nations and cultures. It underscores how tourism can break down barriers, foster dialogue, and build bridges between diverse communities. The activity aims to encourage people to explore and appreciate different cultures, traditions, and perspectives, making tourism become a powerful tool for peacebuilding and mutual respect.

Details of the Event:

The event was successfully co-ordinate under the leadership of Nodal officer

Day 01: Poster Making, Rangoli Competition, Campus Cleaning Drive
Day 02: Mehandi Competition, Quiz Competition, Group Activity
Day 03: Cultural activities, Collage Making, Vlogs, Reel Competition, Declamation, Short Video Clips / Documentary Competition, Slogan Writing, Group Discussion, Extempore, Speech Competition, Prize Distribution

Detail: The event was inaugurated by Dr. [illegible] (Nodal), Miss Bhawna Chauhan (Co-ordinator, Skilled), Mr. Sunil Thakur (General Manager, Orion), Principal Sir appreciated students for poster making activity. Then Mr. Sunil Thakur had words with students to give information to the students about B.Voc course and job opportunities in this course.

* **Poster Making Competition** was organized to celebrate Tourism Week. Students from B.Voc department both 1st & 3rd year participated in competition. They were judged on the basis of Creativity, Neatness and relevance to the theme. Judges were called from different departments to maintain transparency and fairness in decision.

* **Rangoli Competition** was also organized by B.Voc department. Students of B.Voc participated in the competition. They were judged by the other department faculty.

* **Campus Cleaning Drive** was also conducted on day of "Tourism Week". The main objective of this drive was to spread awareness among students about the significance of cleanliness and its benefits. Students and staff participated enthusiastically, working together to clean different areas of the campus. The drive not only beautified the campus but also encouraged a sense of responsibility and community service among students, making it a meaningful contribution to the Tourism Week celebrations.

8.) Mentor Mentee Groups

The mentor mentee system is an institutional initiative aimed at providing academic, personal and career related guidance to the students. Each faculty member (mentor) is assigned a fixed number of students (mentees) to support their overall development throughout the session. A list of mentor and mentees was displayed on the notice board and shared with students. Records are maintained at the IQAC level.

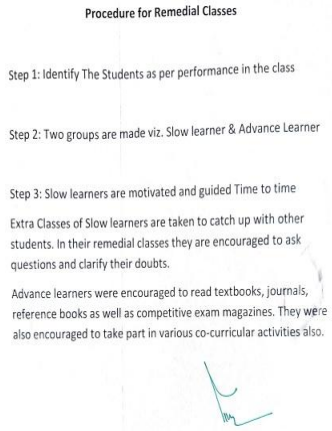
9.) Coaching for National Level competitive Exams/HAS : No

10.) Remedial Classes/Bridge courses: Yes



Procedure for Remedial Classes

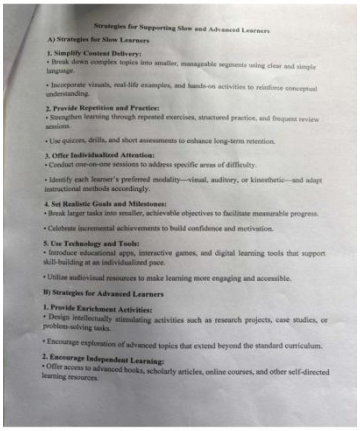
Step 1: Identify The Students as per performance in the class

Step 2: Two groups are made viz. Slow learner & Advance Learner

Step 3: Slow learners are motivated and guided Time to time

Extra Classes of Slow learners are taken to catch up with other students. In their remedial classes they are encouraged to ask questions and clarify their doubts.

Advance learners were encouraged to read textbooks, journals, reference books as well as competitive exam magazines. They were also encouraged to take part in various co-curricular activities also.



Strategies for Supporting Slow and Advanced Learners

A) Strategies for Slow Learners

1. Simplify Content Delivery:
• Break down complex topics into smaller, manageable segments using clear and simple language.
• Incorporate visuals, real-life examples, and hands-on activities to reinforce conceptual understanding.

2. Provide Repetition and Practice:
• Strengthen learning through repeated exercises, structured practice, and frequent review sessions.
• Use quizzes, drills, and short assessments to enhance long-term retention.

3. Offer Individualized Attention:
• Conduct one-on-one sessions to address specific areas of difficulty.
• Identify each learner's preferred modality—visual, auditory, or kinesthetic—and adapt instructional methods accordingly.

4. Set Realistic Goals and Milestones:
• Break larger tasks into smaller, achievable objectives to facilitate measurable progress.
• Celebrate incremental achievements to build confidence and motivation.

5. Use Technology and Tools:
• Introduce educational apps, interactive games, and digital learning tools that support skill-building at an individualized pace.
• Utilize audiovisual resources to make learning more engaging and accessible.

B) Strategies for Advanced Learners

1. Provide Enrichment Activities:
• Design intellectually stimulating activities such as research projects, case studies, or problem-solving tasks.
• Encourage exploration of advanced topics that extend beyond the standard curriculum.

2. Encourage Independent Learning:
• Offer access to advanced books, scholarly articles, online courses, and other self-directed learning resources.

Action Taken for Improvement of the Learning Behaviour of the Slow Learners:

To improve the learning behaviour of slow learners, the following measures were taken:

- The teaching strategies were adjusted to cater to the needs of slow learners. Special attention and support were provided to help them grasp the concepts effectively.
- Extra materials, such as notes and books, were provided to slow learners to supplement their learning. These resources helped them review the content at their own pace.
- PowerPoint presentations were used during lectures and these materials were shared with students through google classroom and WhatsApp groups. This allowed slow learners to revisit the content and reinforce their understanding.
- A friendly and inclusive environment was created in the classroom. Slow learners were encouraged to ask questions and seek clarification without hesitation, creating a safe space for their participation.
- Class tests were conducted at regular intervals to assess the progress of slow learners. Additionally, opportunities were provided for them to present their ideas and thoughts through classroom seminars, boosting their confidence and communication skills.
- Special attention was given to slow learners in the form of tutorials and counselling sessions were organized to address their challenges and enhance their self-confidence. These sessions aimed to motivate them and provide guidance for their academic growth.
- By implementing these actions, the learning behaviour of slow learners was improved, fostering their overall academic development.

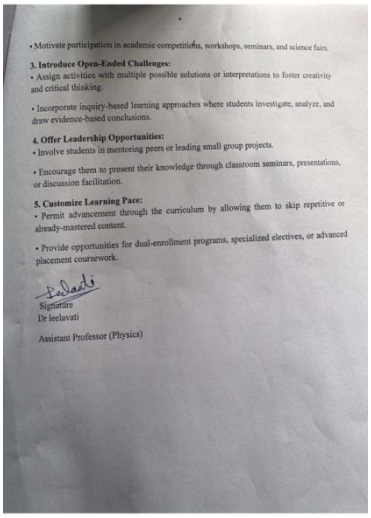
Department of Political Science



• Motivate participation in academic competitions, workshops, seminars, and science fairs.

3. Introduce Open-Ended Challenges:
• Assign activities with multiple possible solutions or interpretations to foster creativity and critical thinking.

• Incorporate inquiry-based learning approaches where students investigate, analyze, and draw evidence-based conclusions.

4. Offer Leadership Opportunities:
• Involve students in mentoring peers or leading small group projects.

• Encourage them to present their knowledge through classroom seminars, presentations, or discussion facilitation.

5. Customize Learning Pace:
• Permit advancement through the curriculum by allowing them to skip repetitive or already-mastered content.

• Provide opportunities for dual-enrollment programs, specialized electives, or advanced placement coursework.

PROGRAM ON INTERNATIONAL YOGA DAY

Date: 21-06-2025

On 21st June, our NSS unit organized a program to celebrate International Yoga Day with great enthusiasm, where volunteers actively participated both physically at the college and online through virtual platforms. The event aimed to promote awareness about the physical, mental, and spiritual benefits of yoga in daily life. The program began with a welcome address, followed by volunteers performing various yoga exercises and asanas. The session included breathing techniques, stretching exercises, and meditation practices, which helped participants understand the holistic benefits of yoga. Volunteers joining online were guided through live demonstrations and instructions, ensuring their active involvement from home. Our Programme Officer (P.O.) Dr. Naveen Kumar and Preeti Kainth addressed both on-site and online volunteers, highlighting the importance of yoga for maintaining a healthy lifestyle, improving concentration, reducing stress, and fostering overall well-being. The P.O. encouraged all students to incorporate yoga into their daily routine for long-term health benefits.

The event concluded with a thankful note and a group meditation session, motivating all participants—both offline and online—to continue practicing yoga regularly. This celebration reinforced NSS values of discipline, participation, and holistic development among the volunteers

Name of the Department :- Department of Vocational Studies
Name of the Activity :- "Self Makeup Workshop"
Date and Venue :- 28th November at Conference Hall
Total No. of Participants :- 64 Students
Duration of Activity :- 1 Hour
Resource Person/Organization :- Miss Shilpa / Makeup Artist, Mathura

Makeup has cultural, social, and historical significance and is commonly used in daily life, performance art, fashion and media. Makeup refers to cosmetic products applied to face, body, or hair to enhance, alter, or highlight appearance. It includes items like foundation, lipstick, eyeshadow, eyeliner, blush and mascara, often used for personal expression, beauty enhancement, or artistic purpose.

Department of vocational studies had organized a workshop on "Self Makeup workshop" in collaboration with "Career Counselling & Placement Cell", which was reckoned as simple as can be and did not require any special skills or previous knowledge to turn out great. Our students learnt all about what product to use and when and how to apply them.

On 28th November 2024 Department of Vocational Studies has conducted a "Self Makeup Workshop" for the female students. The workshop was organized by Miss Shilpa a makeup artist and stylist. Her expertise includes Fashion Hairstyles, Bridal Makeup, Fashion shows etc.

Students were taught about the skin types and what type of products can be used for different types of skin. She also taught the steps of how to apply the makeup products. Students enjoyed a lot in this

3.10. The institution has established a systematic mechanism for the documentation of academic, co-curricular, and extra-curricular activities and achievements of both students and staff. Records are maintained through departmental activity register, committee minutes, photographs, certificates and achievement files. Academic accomplishments such as results, research publications, seminars, workshops, and faculty development programs are carefully documented, while student achievements in sports, cultural events, competitions, extension activities, and social outreach are duly recorded and preserved. This structured documentation process ensures transparency, facilitates performance evaluation, supports accreditation requirements, and serves as a valuable resource for institutional planning and continuous quality enhancement.

5.) THE GREEN CAMPUS AND ENVIRONMENTAL POLICY

A Green Campus is a place where environmental friendly practices and education system jointly promote sustainable and eco-friendly ambiance in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind. Rabindranath Tagore Government Degree College Sarkaghat recognizes that its operations can have an impact on the environment and is therefore committed to minimise this impact by adhering to a range of sustainable practices and setting targets to continually improve its environmental performance. The policy statement highlights how the college would pursue environmental best practices and inspire the sustainable use of resources at the community level within and outside college premise. It lays out the concepts; delineate priority areas, and methods for the college's environmental plans' implementation, management, and evaluation. Its goal is to reduce energy and raw materials consumption that could jeopardize the sustainability measures being taken at college level. This policy will communicate the College administration's goals and objectives to College employees, students, and staffs, as well as aid in the creation of a better environment for future generations. The motto of the policy is, **LIVE FOR THE NATURE AND LIVE WITH THE NATURE.**

The focus areas of this policy are:

Clean Campus Initiatives

Landscaping Initiatives

Clean Air Initiatives

Infrastructure *

Solar Power Plant

Installation of Energy Efficiency Equipment

Water Conservation through water reservoir

Waste Management processes

- Solid Waste Management
- Liquid Waste Management
- E-Waste Management
    - ❖ Awareness Initiatives
    - ❖ Environment-centric Student Societies and Department Activities
    - ❖ Green Audit
    - ❖ Energy Audit
    - ❖ Plastic free, Tobacco free Campus

To accomplish this, the college will:

- Review and analyze systematically the range of environmental issues arising from its operations instill awareness of environmental responsibility among students and staff.
- Comply with relevant current and anticipated environmental legislation, regulations and official codes of practice
- Raise awareness and encourage participation in environmental matters amongst its employees and students

OBJECTIVES & PURPOSES OF THE POLICY

This policy is intended to provide a guideline for eco-friendly living of all the stakeholders of the campus. It should also serve as a guideline to decide our stance on environmental issues of the region and the state.

- To uphold the value and nobility of Mother Nature
- To undertake eco friendly initiatives and develop pro-active steps towards environment
- To motivate the youth for action to conserve, protect & restore the environment
- To promote networking and collaboration among professionals, agencies and youths to have a sustainable consciousness in development projects
- To activate 'Swachha Bharat Abhiyan' as a key component of all the community work being done by NSS volunteers and others of the college

1. WATER MANAGEMENT

- Use effective management strategies to conserve water and reduce its use.
- A continuous water conservation programme would be implemented to track use, prevent leakage, and remove excessive or unnecessary use.
- Encourage reporting leaks and swiftly repairing them.
- Employing a caretaker to take quick action to stop any water leaking from taps, pipelines, tanks, and toilet flushes, among other things.
- The institution shall promote efficient water use techniques, such as sprinkler or drip irrigation, in its gardening activities.
- Conserve water by building more Indian-style toilets rather than western-style toilets.

2. **SOLID WASTE MANAGEMENT:** The College will strive to limit waste creation in all possible ways including reducing the procurement of new materials, reusing and recycling existing materials, and, if this is not possible, disposing of garbage in a manner that has the least environmental impact.
    - ❖ The usage of plastic is prohibited on campus.
    - ❖ Waste containers/Dustbins are positioned where they are needed.
    - ❖ Hazardous waste must be handled, transported, and disposed of properly.
    - ❖ Hazardous chemicals and toxic hygienic compounds will be used as little as possible at the college.
    - ❖ Supporting the digitization of attendance and internal assessment records reduces the consumption of paper.
    - ❖ Update the college library's e books and e journals collection to reduce the need for printed books.
    - ❖ Encourage students and teachers to utilize email to submit assignments.
    - ❖ Take steps to raise student knowledge about food waste and strategies for reducing it.
    - ❖ Minimizing the usage of packaged foods, as well as the habit of reusing and recycling non-biodegradable items.

3. **E-WASTE MANAGEMENT:** The College assures that its technological use and e-waste output have no negative influence on the environment. The college intends to work toward the following goals:
    - ❖ More arrangements for the disposal of institutional e-waste.
    - ❖ Awareness among students about e-waste reduction and environmentally responsible e-waste disposal techniques.
    - ❖ Encouraging e-waste management initiatives at the departmental and societal levels.

4. **AIR QUALITY MANAGEMENT**

    - ❖ Maintain good green cover to enhance CO2 sequestration from campus.
    - ❖ To reduce dust, open places with lawn and grasses should be used.
    - ❖ Prohibition of smoking and the use of other tobacco products.
    - ❖ More plantations for an increase in the amount of greenery on campus.

5. **GREEN AUDIT:** The institution intends to undertake a Green Audit of our college campus on a regular basis to analyze our strengths and weaknesses in order to advance our long-term sustainability goals. A green audit can help to figure out how and where we're wasting the energy, water, or resources. The college can then think about how to make improvements and save money. It can tell us what kind of garbage you have and how much of it we have. Waste minimization initiatives or recycling projects can be

implemented. It will promote environmental principles and ethics while also raising health awareness. It helps students comprehend the implications of environmentally friendly behaviours on campus. Green auditing will help you save money by reducing your resource usage. It is critical that the college assess its own contributions to a long-term future.

6. **ENVIRONMNETAL EDUCATION, TRANING AND AWARENESS:** Outreach and education are very important so that all members of the campus community understand the policy's goals and can help in its execution. This is why college supports and encourages awareness campaigns, seminars, workshops, conferences, and other interactive sessions to ensure that the Green Campus, Energy, and Environment policies are implemented effectively by NSS volunteers & NCC cadets.
7. **PLASTIC FREE CAMPUS:** Since its founding, College has complied with the majority of its responsibilities in terms of solid waste management. In light of the Indian government's decision to ban all single-use plastics due to the harmful effects of plastic use and pollution, the college administration rigorously prohibits the use of single-use plastics in its property in order to make it a "Plastic Free Campus.

8. **CLEAN CAMPUS INITIATIVES:** In accordance with the objective of the Swachh Bharat Abhiyan, College vowed to aggressively coordinate cleanliness operations both on and off campus. It pledges to keep this programme going. The following is the broad vision:
    - ❖ Educating students and staff members about the importance of cleanliness and hygiene by staging frequent cleanliness drives. The goal is to encourage them to be proactive in their contributions.
    - ❖ All community work done by the college's NSS, NCC, and R&R volunteers will include activities under the Swachh Bharat Abhiyan.
    - ❖ Staff members will be encouraged to participate in the college's cleaning drive.
    - ❖ To raise public awareness, rallies on topics related to the Swachh Bharat Abhiyan will be held on and around the college campus.
    - ❖ Remove any waste materials, such as damaged furniture and obsolete equipment.
    - ❖ Annually administer the promise by students and staff to keep the college campus and its environs clean.
    - ❖ Make a commitment to manage garbage and keep the campus clean, especially during college events.

9. **LANDSCAPING INITIATIVES:** The environment of a college's campus, like its buildings, can be considered as a tangible manifestation of its values. It is an important aspect of a campus's life, giving opportunities for study, recreation, outdoor activities, relaxation, and aesthetic enjoyment. Green campus landscapes also assist recharge groundwater, control runoff, and purify and cool the air on campus. Landscape programmes are a fantastic approach to raise environmental awareness because campus landscapes are so visible and accessible. In campus, there are more than 60 plant species. The landscape of trees and plants provides clean, cool ambience to the visitors, students and staff, as well as a relaxing atmosphere. By organizing regular tree plantation drives and encouraging student groups to host tree planting events, the college pledges to enriching this healthy ecosystem and maintaining the institution's symbiotic relationship with nature.

18.) Annual review meeting on students outcomes in academics, co-curricular extra-curricular and extension activities and action taken during next academics session for achieving excellence

An Annual Review Meeting was conducted on 10-12-2024 to assess student outcomes in academics, co-curricular, extra-curricular, and extension activities during the current academic session under the Chairmanship of Principal. The faculty members, coordinators of various committees, and IQAC members participated in the meeting. Academic outcomes were reviewed in terms of pass percentage, result analysis, internal assessment performance, remedial classes, mentoring support, and student feedback. It was resolved to strengthen the mentor–mentee system, organize remedial and enrichment classes for slow and advanced learners respectively, promote ICT-enabled teaching, and encourage student participation in seminars, projects, and research-oriented activities in the next session. Co-curricular and extra-curricular activities such as debates, quizzes, sports, cultural programmes and NSS/NCC activities were evaluated for student participation and achievements. The house recommended the regular inter-departmental competitions, talent identification programmes, and enhanced sports and cultural training facilities to ensure holistic development. Extension and outreach activities undertaken through NSS/NCC, community outreach programmes, awareness campaigns, cleanliness drivesand environmental initiatives were also reviewed. For the upcoming academic session, it was decided to strengthen collaborations with local bodies and NGOs, and increase student involvement in socially relevant activities.

Action Plan for the Next Academic Session includes:

- Strengthening academic mentoring and outcome-based education practices
- Regular academic audits and student performance tracking
- Increased opportunities for leadership, sports, and cultural excellence
- Enhanced community engagement and extension activities
- Continuous monitoring and review by IQAC for quality enhancement

The meeting concluded with a commitment to achieve academic excellence, holistic student development, and social responsibility in the forthcoming academic session.

5. Best Practices, Innovation and Institution Distinctiveness

1.) Best practices Description & outcome of Best Practices: Yes

Practice 1: The faculty members of the college, with a strong sense of social responsibility, regularly make voluntary donations through the *Sewa Sankalp Samiti*. Under this initiative, each faculty member contributes a fixed amount on a monthly basis with mutual consent. The collected funds are utilized in a transparent manner for the welfare of economically weaker sections of society, support to needy students, healthcare assistance, disaster relief, and other social welfare activities. This initiative not only promotes humanitarian values but also encourages social sensitivity, collective participation, and a spirit of service among the faculty members.

Practice 2: **Preserving, Propagating and Promoting the Rich Folk Legacy of the Sarkaghat Region of Himachal Pradesh**

The Sarkaghat region of Himachal Pradesh is endowed with a vibrant and diverse folk heritage that reflects the life, beliefs, traditions, and collective wisdom of its people. This rich cultural legacy finds expression through folk songs, dances, rituals, fairs, festivals, oral narratives, traditional crafts, dialects, and indigenous knowledge systems that have been passed down from generation to generation. Preserving this invaluable folk heritage is essential to maintain the cultural identity of the region in the face of rapid modernization and globalization. Systematic documentation of folk songs, folklore, traditional practices, and local histories through written records, audio-visual archives, and digital platforms is necessary to safeguard these traditions for future generations. Involving local elders, artists, and cultural practitioners plays a crucial role in ensuring authenticity and continuity. Propagation of the folk legacy can be effectively achieved through educational institutions, cultural clubs, workshops, seminars, and inter-generational interactions. Incorporating local folk traditions into school and college curricula, organizing training programmes for youth, and encouraging research on regional folklore will help transmit this cultural wealth to younger generations. Regular cultural events, folk festivals, and performances provide platforms for artists and strengthen community participation. Promotion of the Sarkaghat region's folk heritage at local, state, and national levels can enhance cultural pride and create opportunities for cultural tourism and sustainable livelihoods. Collaborations with cultural organizations, tourism departments, and media platforms can help showcase traditional art forms to a wider audience. Recognition and support for folk artists through awards, financial assistance, and exposure will further motivate them to continue their artistic pursuits.

Subject: Adoption of Schools and MOUs with Selected Institutions.

Respected Sir

With due reverence, I would like to mention that the committee formed to respond to the innovative scheme of adopting schools has completed its deliberations. After careful consideration, we have decided to adopt 14 nearby schools, which include:

1. GPS Barchwar	2. Govt. Primary School Jandhroo	3. Govt. SSS (Boys) Sarkaghat
4. GSSS Cholthara	5. Govt. SSS (Girls) Sarkaghat	6. Govt. SSS Paplog
7. Govt. SSS Nabahi	8. Govt. SSS Gopalpur	9. Govt. SSS Paunta
10. Govt. SSS Rakhoh	11. Govt. SSS Sadhot	12. Govt. SSS Maseran
13. Govt. SSS Barerta	14. Govt. SSS Bhambla	

We are excited to share that the signing of Memorandums of Understanding (MOUs) with these schools has been successfully secured. These partnerships will enable us to collaborate closely with the school administration, provide essential resources, and guide the students toward becoming competent, responsible, and successful citizens.

We are fully committed to implementing the objectives outlined in your letter, including offering career counseling, sharing knowledge on drug abuse prevention, promoting discipline, and guiding students on how to contribute to society and the nation.

We look forward to further contributing to the development of these schools and to the betterment of the students' futures. We are confident that with the continued cooperation of the Ministry and our college, this initiative will be immensely beneficial to the communities we serve.

Thank you for your guidance and support in this meaningful endeavor. We remain committed to the success of this project and to fostering a stronger, more connected educational environment for the students of Himachal Pradesh.

1. INTRODUCTION TO GREEN AUDIT

The term “Green” means eco-friendly or not damaging the environment. This can acronymically be called as “Global Readiness in Ensuring Ecological Neutrality”(GREEN). Green Audit can be defined as systematic identification, quantification, recording, reporting and analysis of audit, a direction as how to improve the structure of environment. Government of India through its National Environment Policy (2006) has made mandatory for every organization to have green audit / environmental audit in their organization. The process of environmental audit was formalized by Supreme Audit Institution (SAI) according to the guidelines given in Manual of Standard Orders (MSO) issued by Authority of the Controller and Auditor General of India 2002. University Grants Commission has mentioned “Green Campus, Clean Campus” mission mandatory for all higher educational institutes. As environmental sustainability is becoming an increasingly important issue for the nation, the role of higher educational institutions in relation to environmental sustainability is more prevalent.

1.1 NEED FOR THE GREEN AUDIT

Green auditing is the process of identifying and determining whether institutions practices are eco-friendly and sustainable. Traditionally, we are good and efficient users of natural resources. But over the period of time excess use of resources like energy, water, are become habitual for everyone

especially, in common areas. Now, it is necessary to check whether our processes are consuming more than required resources? Whether we are handling resources carefully? Green audit regulates all such practices and gives an efficient way of natural resource utilization. In the era of climate change and resource depletion it is necessary to verify the processes and convert it in to green and clean one. Green audit provides an approach for it. It also increases overall consciousness among the people working in institution towards an environment. As environmental sustainability is becoming an increasingly important issue for the nation, the role of higher educational institutions in relation to environmental sustainability is more prevalent. The rapid urbanization and economic development at local, regional, and global level has led to several environmental and ecological crises. On this background it becomes essential to adopt the system of the Green Campus for the institutes which will lead for sustainable development and at the same time reduce a sizable amount of atmospheric CO2 from the environment. Some of the strategic approaches for the green campus are as follow-

- **Self-assessment –**It allows the universities and colleges to review the ideal steps and implement them for the campus. The audit assists in self-assessment and the decision-making process.

- **Awareness –**It develops awareness among everyone associated with the campus with conscious and consistent efforts.

- **Improved scopes –**By complying with the norms, universities can ensure higher scopes of getting the best grade from NAAC. It is vital to follow the systematic way and implement the best steps for green audits on the campus under professional guidance.

1.2 THE LINK BETWEEN GREEN AUDIT AND NAAC ACCREDITATION

- The NAAC accreditation regulates and defines the performance and quality of the educational institution. The NAAC grade exhibits the quality of education, learning infrastructure, research facilities, etc. The Green Audit is associated with the 7th criterion of NAAC.
- A green audit is critical for a college in determining the best grades from the National Assessment and Accreditation. The audit reports exhibit the practical ways through which colleges and universities are consuming natural resources and energy. The reports determine whether the educational campus is exploiting the various natural resources.

- Having the best reports with the green audit ensures the environmental sustainability of the campus. It determines the greenery quotient on the campus and covers other influential environmental aspects. It includes the consumption and management of energy resources and environmental components.

It has made mandatory that all Higher Educational Institutions should submit an annual Green Audit Report. Moreover, it is part of Corporate Social Responsibility of the Higher Educational Institutions to ensure that they contribute towards the reduction of global warming through carbon footprint reduction measures.

2. OVERVIEW OF THE COLLEGE

Government College Sarkaghat was established by Himachal Pradesh Government as a multi faculty, coeducational institute in the year 1985. Now, it has been renamed as Rabindranath Tagore Govt. Degree College Sarkaghat. Since its inception, it has progressively emerged as one of the leading institution of higher learning in the rural area of Himachal Pradesh. The college is affiliated to Himachal Pradesh University as well as Sardar Patel University Mandi w.e.f. Academic session 2022-23, recognized by UGC under 2f &12B and NAAC accredited B grade in August, 2019. Located at a distance of 60 Kilometers from the district town of Mandi (H.P.), this college is situated on the outskirts of Sarkaghat town, in a lush green area in the foothills of Chandrakhri and Maseran & Bhatoh ranges. With a campus spread over almost 15 acres of a landmass, the college has a big playground with facilities for the entire major outdoor games. The college has a vast infrastructure including spacious classrooms, well equipped science labs, facilities for outdoor games, computer lab with internet facilities, Fully Automated Library with Inflibnet facility Girls' common room, Girls' hostel and Big multipurpose hall. This college offers total 27 courses in different streams. Under graduate 20 courses in Humanities, Science, Commerce, Journalism & Mass Communication, Tour & Travels and B. Voc. along with Postgraduate Programmes in Economics, Political Science, Physics and Chemistry. The college is also running Bachelor of Computer Application (BCA), Bachelor of Business Administration (BBA) and Post Graduate Diploma in Computer Applications (PGDCA) under self-financing scheme. IGNOU study centre is also functioning in the college premises with different certificate, diploma, UG and PG programmes. Over the years, the college has acquired an excellent reputation by exhibiting outstanding performance in academics, sports, cultural and co-curricular activities. Two units of National Service Scheme (NSS), one unit of National Cadets Corps (NCC-Naval Wing), one unit of Rovers and Rangers, Red Ribbon club and Eco club offer optimum opportunities to the students to develop the sense of social service, communal harmony, discipline awareness, mutual co-operation, leadership and responsibility. The faculty members are committed to quality teaching and all round development of the students. In spite of many constraints, tough terrain and rural background of the

area, this college has been able to carve a niche for itself in the arena of higher education. Thousands of boys and girls graduated from this college are serving the society in various capacities. It is now poised to become a centre of excellence in the field of education under the patronage of state Govt. with the hard work of the faculty and students with the motto: Motto: "संश्रुतेन गमेमहि" अर्थात – िमेंवेदों केअनुसथर आचरण करनथ चथहिए।"

2.1 Vision: To provide the best possible education and values for the overall development of the students for making them ideal /responsible citizens. To use available resources in an optimal and effective manner for inculcation of knowledge, skill development, character building and professional competence among students.

2.2 Mission: Our endeavor is to equip the learners with leadership qualities, to foster community-interface responsibility, skill enhancement and translate their learning into lifelong commitment towards society. To impart quality education to students irrespective of gender, caste, creed, religion and economic status in amiable & conducive environment for learning. To groom the students self reliant, enlighten and socially committed citizens of the country. To inculcate moral, cultural, national spirit and spiritual values such as Honesty, Trust, Kindness, Discipline, Generosity etc.

3. OBJECTIVE OF STUDY:

- To evaluate the existing environmental management practices in the college campus, including energy, water, waste, and biodiversity management.
- To encourage sustainable practices and create awareness among students, staff, and the community about environmental conservation.
- To analyze how efficiently natural resources like water, electricity, and paper are being used and to suggest measures for minimizing wastage.
- To assess the methods of waste segregation, recycling, and disposal, and to promote the concept of reduce–reuse–recycle.
- To identify areas where energy consumption can be reduced through efficient systems and the use of renewable energy sources.
- To study water usage and wastage patterns and suggest water conservation measures such as rainwater harvesting.
- To document the flora and fauna of the campus and to promote tree plantation and biodiversity conservation initiatives.
- To inculcate environmental awareness among students and staff through participation in audit activities and green initiatives.
- To ensure that the institution complies with environmental laws and regulations and to prepare an action plan for continual improvement.
- To calculate and suggest strategies to reduce the campus's overall carbon footprint.

4. METHODOLOGY

The Green Audit in colleges is conducted through a systematic and step-by-step approach to assess, analyze, and improve the environmental performance of the institution. The general methodology includes the following stages:

1. Formation of Green Audit Committee

- A Green Audit Committee is constituted comprising faculty members, students, administrative staff, and external experts (if required).
- The committee defines the scope, objectives, and time frame of the audit.

2. Planning and Preparation

- Identification of key areas to be audited (e.g., energy, water, waste, biodiversity).

3. Data Collection

- On-site inspection of different facilities and departments of the college.
- Collection of primary data through:
    - Direct observation and measurement (e.g., electricity meter readings, water usage).
    - Surveys and interviews with faculty, staff, and students.
    - Examination of institutional records (bills, registers, purchase records, etc.).

4. Campus Inspection and Verification

- Verification of green cover, waste segregation system, laboratory waste management, and pollution control measures.
- Physical inspection of energy-consuming devices, lighting systems, and water fixtures.
- Documentation of flora and fauna within the campus.

5. Report Preparation

- Preparation of a detailed Green Audit Report summarizing:
    - Observations and findings
    - Recommendations for improvement

5. OBSERVATION AND RECOMMENDATIONS

5.1 WATER USE:

This indicator addresses water consumption, water sources, irrigation. Water audit is an onsite survey and assessment to determine the water use and hence improving the efficiency of its use. At Government Degree College Sarkaghat, there is a **rain-water harvesting system** built by the institution itself. The collected rooftop rainwater is stored in tank and allowed to seep into the ground to recharge ground-water. The college has installed **two rain-water harvesting (RWH) systems**: one at the girls' hostel, and another

outside the Chemistry Department. The harvested water is used for **gardening and cleaning purposes.** "Liquid waste from wash-rooms, bathrooms is collected into chambers through systematic drainage. Zero percent leakage of waste water is ensured."

The college used water for:

- **Drinking / potable supply** to students, staff, hostel
- **Sanitation / toilets / washrooms.**
- **Gardening /green cover upkeep.**
- **Cleaning / campus maintenance.**
- **Irrigation** of campus plants/grounds using harvested rainwater.

a) Observation & b)Recommendation:

Area	Observation	Recommendation
Storage & Distribution	Some taps leak; no regular meter readings.	Install water-meters; conduct leak audits and repair old plumbing.
Rainwater Harvesting	RWH system present	Clean recharge pits yearly; monitor harvested volume; use rainwater for gardens/flush systems.
Wastewater reuse	No reuse of hostel/canteen wastewater observed.	Reuse treated water for landscaping.
Fixtures & behavior	Standard taps and cisterns; student awareness low.	Replace fixtures with low-flow types; run awareness campaign among students & staff.

5.2 WASTE GENERATION:

Substantial numbers of dustbins are placed for collecting the solid waste from every nook and corner of the campus. Bio-degradable kitchen waste from the girls' hostel and canteen is dumped in pit for vermi-composting to use as biofertilizer.

- The college segregates solid waste into **biodegradable** and **non-biodegradable** streams. Dustbins are installed across campus with two types: one for biodegradable, one for non-biodegradable.
- Non-biodegradable waste is mostly burnt in pits.
- Biological waste (sanitary pads) is burned in incinerators in both academic building and girls' hostel.
- Liquid waste (from washrooms, bathrooms) is collected through systematic drainage into chambers or septic tanks; the college claims "zero percent leakage of waste water".

a) OBSERVATION:

- Burning non-biodegradable waste in pits raises concerns.

- The biodegradable waste handling (dumping in pits) may lead to methane/emissions if not properly composted or managed.
- The management of hazardous/chemical waste from labs is described broadly (disposed in deep pits) but there's no detailed tracking or safe handling procedure.
- The engagement of students, staff in active monitoring/reporting of waste generation appears implicit but not explicitly detailed.

b) RECOMMENDATIONS:

- Encourage separate bins for **glass**, **paper**, **metal**, **plastic**, **food/organic**, **hazardous** rather than just biodegradable vs. non-biodegradable.
- Label bins clearly with colours and place at all strategic points (classrooms, hostels, canteen, and labs).
- For biodegradable waste: set up a **composting unit** (vermicompost or aerobic composting) rather than dumping into pits. The resulting compost can be used in gardens.
- Paper waste (old answer scripts, office paper) can be shredded and reused or given for recycling.
- Conduct awareness campaigns for students, hostel residents and staff on waste reduction (reduce-reuse-recycle), avoidance of single-use plastics, correct segregation, the harms of open burning.
- Engage students via clubs (e.g., NSS, NCC) in monitoring and auditing waste, organizing clean-up drives, peer awareness programs.

5.3 E-WASTE GENERATION:

a) OBSERVATIONS:

E waste generated in the campus is very less in quantity. The e waste and defective items from computer labs is being stored properly. The institution has decided to contact approved e waste management and disposal facility in order to dispose e waste in scientific manure.

b) RECOMMENDATIONS

To enhance the e-waste management at GDC Sarkaghat, recommend the following steps:

- Maintain a **inventory** of all electronic equipment procured by the college (PCs, laptops, printers, UPSs, batteries, projectors, etc) with date of purchase and end-of-life.
- Record the **number of units** and **approximate weight** of e-waste items when they reach end-life, each semester or annually.

- Set up a dedicated **e-waste collection area** clearly labelled "E-Waste – Do Not Dispose in General Waste".
- Segregate e-waste by category: e.g., laptops/PCs, monitors/CRT or flat-screens, batteries, printers/scanners, cables, UPS/inverters.

- Partner with a **certified e-waste recycler** (authorized under state pollution control board) to collect the accumulated e-waste from the college periodically, and obtain a disposal certificate.
- Avoid informal disposal or burning of electronic items. Prevent sending e-waste to general waste dumps.

- Before disposing electronics, evaluate whether they can be **refurbished or donated** (for example older PCs to labs) to extend their useful life, thereby reducing e-waste generation.

- Conduct awareness sessions for students, faculty and non-teaching staff about the hazards of e-waste and proper disposal pathways.
- Engage student clubs (e.g., NSS, environmental club) to monitor and coordinate e-waste management activities.

5.4 GREEN AREA:

FLORA OF SARKAGHAT COLLEGE CAMPUS

The campus of Government College Sarkaghat, located in the hilly terrain of Mandi district, Himachal Pradesh, supports a rich and diverse flora owing to its moderate climate and fertile soils. The vegetation includes a combination of ornamental, medicinal, and native plant species.

Common tree species found within and around the campus include:

Plant Name	Plant Name	Shrubs and Bushes

• *Ficus religiosa (Peepal)* • *Azadirachta indica (Neem)* • *Eucalyptus globulus (Eucalyptus)* • *Bauhinia variegata (Kachnar)* • *Dalbergia sissoo (Shisham)* • *Achyranthes aspera* • *Albizia chinensis* • *Aloe vera* • *Aegle marmelos* • *Bauhinia purpurea* • *Withania somnifera* • *Trachyspermum ammi* • *Canna indica*	• *Berberis lyceum* • *Grewia asiatica* • *Mirabilis jalapa* • *Murraya koenigii* • *Berberis vulgaris* • *Biota orientalis* • *Bombax ceiva* • *Emblica* • *Terminalia arjuna* • *Saccharum officinarus* • *Citrux reticulate* • *Xanthium sturumerium* • *Solanum viarum* **Herbs and Grasses** • *Ocimum sanctum* (Tulsi) • *Mentha arvensis* (Mint)	• *Hibiscus rosa-sinensis* (China Rose) • *Bougainvillea spectabilis* (Bougainvillea) • *Duranta erecta* • *Jasminum sambac* (Jasmine) **flowering plants** • *Rosa indica* (Rose) • *Tagetes erecta* (Marigold) • *Petunia hybrida* (Petunia) • *Zinnia elegans* (Zinnia) • *Chrysanthemum morifolium* (Chrysanthemum)

FAUNA OF SARKAGHAT COLLEGE CAMPUS

The **Government College Sarkaghat**, situated in the scenic hills of **Mandi district, Himachal Pradesh**, hosts a modest yet rich diversity of fauna. The surrounding vegetation, moderate climate, and green environment provide a suitable habitat for various species of **birds, insects, reptiles, and small mammals**.

BIRDS (AVES)	**MAMMALS**	**REPTILES AND AMPHIBIANS**
• *Corvus splendens* (House Crow) • *Passer domesticus* (House Sparrow) • *Psittacula krameri* (Rose-ringed Parakeet) • *Dicrurus macrocercus* (Black Drongo) • *Acridotheres tristis* (Common Myna) • *Copsychus saularis* (Oriental Magpie Robin) • *Pavo cristatus* (Indian Peafowl) – occasionally sighted in nearby forested areas • *Milvus migrans* (Black Kite)	• *Funambulus pennantii* (Indian Palm Squirrel) • *Rattus rattus* (House Rat) • *Herpestes edwardsii* (Indian Mongoose) • *Canis familiaris* (Domestic Dog) – common around campus • *Felis catus* (Domestic Cat) • *Bos Taurus* **Aquatic and Semi-aquatic species** • Frogs and toads • Aquatic insects and larvae	• *Calotes versicolor* (Garden Lizard) • *Hemidactylus flaviviridis* (Common House Gecko) • *Naja naja* (Indian Cobra) – rare, found in nearby grasslands • *Bufo melanostictus* (Common Toad) • *Rana tigrina* (Indian Bullfrog) **INSECTS AND OTHER INVERTEBRATES** • *Apis indica* (Honey Bee) • *Papilio demoleus* (Lime Butterfly) • *Danaus chrysippus* (Plain Tiger Butterfly) • *Musca domestica* (Housefly) • *Coccinella septempunctata* (Ladybird Beetle)

5.5 INNOVATIONS & ACTIVITIES ORGANIZED BY THE RNT GOVT. DEGREE COLLEGE SARKAGHAT

COLLEGE LIBRARY

RNTGC Sarkaghat college library, under the able leadership of **Mr. Pyar Chand and Smt. Sunita Kumari Assistant Librarian College Cadre**, is a vital catalyst for innovation and intellectual progress. Serving as the focal point of our institution, it offers a wide range of information in print and digital formats to meet diverse client needs. Utilizing **SOUL 3.0 Software**, **with 14800 print books**, subscriptions to **9 newspapers**, and **21 magazines and 4 journals**, **our** library integrate computerization and **RFID technology**. It remains a beacon of knowledge, fostering continuous learning in an ideal environment for exploration and leisurely reading.

SARSI:

The annual publication of the college magazine, “SARSI," serves as a platform for our students to express their creative impulses and aspirations. Under the adept guidance of **Sh. Ashok Pathania as Chief Editor**, a skilled team of staff and student editors has been formed. The magazine is organized into sections such as English, Hindi, Pahadi, Sanskrit, Science, Planning and Commerce, and IT. This diverse structure provides ample opportunities for young minds to articulate their vibrant ideas and thoughts on a wide range of topics and aspects of life.

ECO CLUB

Under the guidance of Prof. Monika Thakur, the Eco Club initiated numerous activities. Through the coordination of diverse events, campaigns, and initiatives, the club endeavors to nurture a sense of commitment to environmental responsibility and stimulate collaborative efforts towards constructing a more sustainable campus and society.

- Plantation Campaign on theme **“Ek Paed Maan kae Naam”** on date 24-08-2024 in collaboration with HP Council for Science, Technology and Environment (HIMCOSTE) HP State Biodiversity Board. In this event 200 Plants of fruits, medicinal and timber value were planted in the college campus.
- One day workshop on e waste management was organized on 18-05-2024. Dr. Rakesh Bhardwaj Scientist DRDO and Engineer Sh Vinay Kumar AEE HP state Pollution control Board were the key note speakers.
- Organized campus beautification cum cleanliness drive for promoting a healthy environment, creating a sense of responsibility among the students for their surroundings on dated 20-09-2024.

5.6 ENERGY SOURCES:

Energy resources are utilized by all the departments, support services and the administrative buildings of college which include electricity, solar energy. Major use of the energy is at office, canteen, hostel and laboratories, for lighting, cooking. Electricity is the major energy sources of the campus. Electricity is supplied by Himachal Pradesh Electricity Board.

5.7 OTHER INITIATIVES TAKEN BY THE COLLEGE FOR ENERGY CONSERVATION:

The entire operations of the college are computerized, the administrative block, library, admission procedures, examination is digitized. The student's portal displays all their academic information online also. The IT cell works efficiently round the clock to provide IT services throughout the college Campus. They ensure the smooth and efficient functioning of the IT Services like all activities on the smooth working of campus wide LAN & WLAN facility, and surveillance system:

The following measures are undertaken by the institution for the conservation of energy.

- LED (40 Watt) have been replaced by the 9 Watt LED lights
- Halogen Lights (100 watt) in campus replaced by Flood lights (40 Watt)
- Tripping system is used in case of short circuiting, overloading, and circuit break off.

New Air conditioners with Three Star & Five Star rating in power saving fitted in administrative building, girl's common room and computer labs.

- Replacement of DOT matrix printers with laser Jet printers.
- Implementation of energy saving techniques is ensured *i.e.,* Lights and fans are switched
- All rooms are provided with large windows to ensure appropriate natural light and ventilation so that the use of electricity can be minimized.
- All the rooms of the campus are equipped with LED.
- Day to Day behavior is taken care to conserve energy.

5.8 GREEN INITIATIVES OF THE INSTITUTION

The College is situated in rural area surrounded by rich bio-diversity. Besides being blessed with clean environment, various green initiatives have been taken by the institution to maintain environment sustainability. The following green initiatives have been taken by the institution:

- ❖ Plantation Campaign on theme **"Ek Paed Maan kae Naam"** on date 24-08-2024 in collaboration with HP Council for Science, Technology and Environment (HIMCOSTE) HP State Biodiversity Board. In this event 200 Plants of fruits, medicinal and timber value were planted in the college campus
- ❖ One day workshop on e waste management was organized on 18-05-2024. Dr. Rakesh Bhardwaj Scientist DRDO and Engineer Sh. Vinay Kumar AEE HP state Pollution control Board were the key note speakers

a) SOLAR ENERGY:

The institute has installed a solar power plant of **capacity of 8kW on the roof top of administrative building**

Advantage of solar power plant:

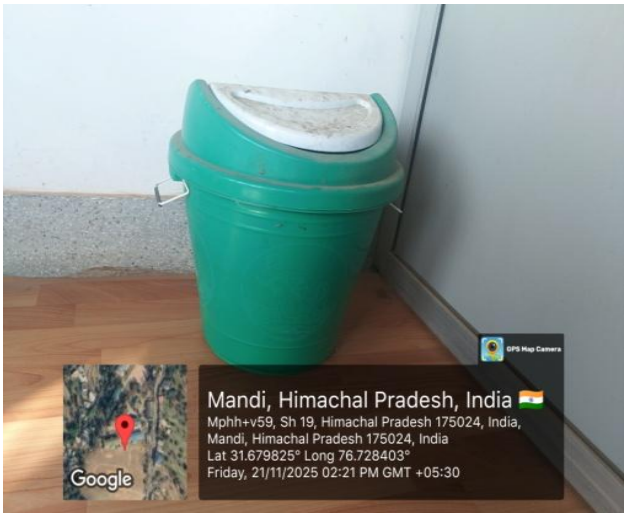
- Financial benefit
- Renewable Energy Sources
- Reduces Electricity Bill
- Energy Independence
- Long-Term Savings
- Low-Maintenance Costs

Installation of Solar Panel on the Roof of Administrative Building

Installation of Solar Panel with Electricity Meter in the Administrative Building

b) Solid Waste Management

The college has implemented an effective solid waste management System to ensure cleanliness, environmental responsibility and sustainability on the campus. The system focuses on proper segregation, collection, and disposal. Separate green, blue and red bins are placed across the campus for biodegradable waste, recyclable waste and non recyclable waste.



c) E-waste Management

College has a separate storeroom for the safe storage of electronic waste. After a certain interval of time college disposes of the E-waste to concerned agencies through the auction process.

d) Rain water harvesting

Construction of Water Harvesting System in the backyard of Science Block

The central area of the new building of college has a rainwater harvesting system for better groundwater recharge. The stored water in this tank can be used for gardening purposes. Rain water harvesting tank within the campus promote sustainable water management and environmental conservation. The system is designed to collect, store and utilize rainwater effectively, thereby reducing dependence on external water sources and promoting eco-friendly practices. Overall, the water harvesting tank is an important green initiative that contributes to sustainable campus development and promotes a culture of conservation among students and staff.

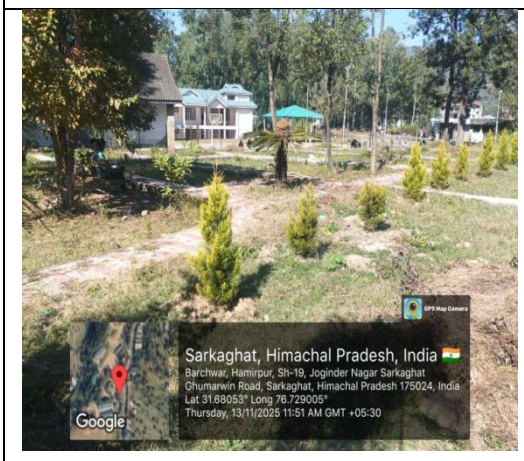
सरकाघाट। राजकीय महाविद्यालय सरकाघाट मंडी की राष्ट्रीय सेवा योजना इकाई ने बुधवार को एक दिवसीय शिविर का सफल आयोजन किया। जिसका उद्देश्य एक स्वच्छ और हरे भरे परिसर वातावरण को बढ़ावा देना और छात्रों को सरकारी योजनाओं के बारे में सशक्त बनाना था। उत्साही एनएसएस स्वयंसेवकों ने परिसर सफाई अभियान में सक्रिय रूप से भाग लिया, जिससे कॉलेज परिसर को एक स्वच्छ और अधिक सौंदर्यपूर्ण स्थान में बदल दिया गया। प्राचार्य डॉ आर आर कौंडल ने एनएसएस स्वयंसेवकों के प्रयासों की सराहना की और इस तरह की पहल के महत्व पर जोर दिया जो जिम्मेदार और सामाजिक रूप से जागरूक नागरिकों को आकार देने में महत्वपूर्ण भूमिका निभाती है।



6. CONCLUSION

The Green Audit of Government Degree College, Sarkaghat, Himachal Pradesh, reflects the institution's commitment to environmental sustainability and conservation. Situated in a naturally green and pollution-free area, the college maintains a healthy balance between infrastructure and greenery. Regular plantation drives, the maintenance of a botanical garden with ornamental and medicinal plants, and student participation in Van Mahotsav contribute to a vibrant and eco-friendly campus atmosphere.

The college has adopted several effective measures for **water conservation**, including rainwater harvesting systems and large storage tanks that ensure sustainable water use. Wastewater is properly drained, and leakage is minimal. However, initiatives such as grey-water recycling and metered water usage could further enhance conservation efforts.

In terms of **waste management**, the college segregates solid waste, discourages plastic use, and ensures safe disposal of e-waste through authorized channels. The use of energy-efficient appliances, LED lighting, and awareness programmes promotes energy conservation and responsible resource use.

The institution actively involves students and staff in environmental awareness campaigns through NSS and Eco-Club activities, fostering a culture of ecological responsibility.

Overall, the Green Audit concludes that Government Degree College, Sarkaghat, has taken commendable steps toward achieving a sustainable and environmentally friendly campus. With continued focus on renewable energy adoption, biodiversity documentation, and improved resource monitoring, the college can further strengthen its position as a model green institution in Himachal Pradesh.

7. MAJOR RECOMMENDATIONS

- Open ground area should be regularly maintained with grass cover.
- Display boards for switching off the taps to be put on at appropriate place.
- To eliminate the spillage and over usage of water in washbasins, urinals and toilet; push taps are highly recommended.
- Exhausts gases shall be monitored analysed and check regularly.
- Parking zone of college shall be organized and green or solar shed can be provided.
- Energy saving awareness shall be done by displaying the boards at appropriate place.
- The biodiversity is to be maintained while considering the plantation in future.
- Lab wastewater should be collected separately and neutralized before discharge.
- Awareness among students and staff about green environment shall be done use tools like display boards, group discussions, organizing camps etc.
- College should start drip irrigation to save water in campus
- College should increase the use of Sprinklers gardening purpose
- Arrange training programmes on environmental management system and nature conservation for schools and local people.
- Water Meter should be installed at every building of institute for monitoring of water consumption per capita.
- Increase the capacity of solar PV so that it can fulfil at least 70% of the electricity requirement
